

THE DEMING COOPERATIVE

The Journal

An online and open reviewed Journal for academic and management science publication relating to Dr. Deming's management thinking and philosophy.

Scholar-Practitioner Seminar

Good theory, combined with the experience of application is vital for the future of leadership, organizations, and government. The seminar stands boldly in the gap between the academic and business communities.

Oral History

Create a repository of testimonials, remembrances, and stories about Dr. Deming and his philosophy. Provide an excellent resource to convey meaning to future generations, and a resource of great educational significance.

Complementary Organizations

Enriching society through the Deming philosophy

501(c)(3)

“Bring his teachings to life today and for the future. Introduce his teachings to a younger generation, developing new Deming leaders and ensuring the transition of knowledge from Dr. Deming’s trusted colleagues. Through new programs, learning events and digital resources we will increase the adoption of The Deming System of Profound Knowledge® in our schools and in small to mid-sized businesses and organizations.”

Carry Forward Dr. Deming’s Ideas with Consistency
